

## Help sheet for problems downloading Prayer Focus Update PDF files.

When selecting a Prayer Focus Update to download from the Barnabas Fund website you may have some technical problems with your browser, particularly with Microsoft Internet Explorer.

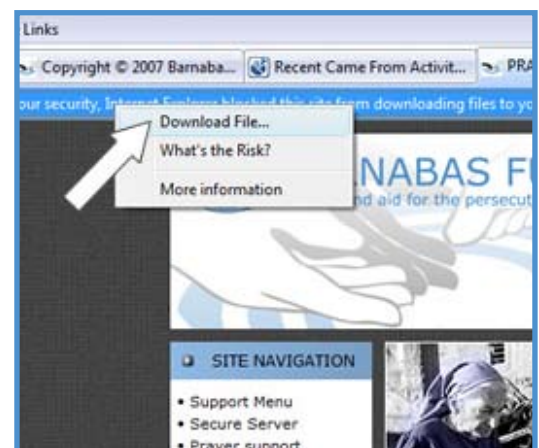

Please follow these guidelines to enable you to download the files you need.

**1.** Selecting a date from the menu may evoke a response from Internet Explorer's security features. A yellow bar may appear at the top of your screen saying "Internet Explorer has blocked this site from downloading files to your computer."

**2.** Click this bar and you get a menu pop up with an option to "Download File".

When you click this it will re-load the page as if nothing has happened.

**3.** You will then need to re-select the date of the file you wish to download.

For further assistance contact [info@barnabasfund.org](mailto:info@barnabasfund.org) or telephone the UK office on 08700 603901
